

Aluminum Pedestrian Signal Head

FEATURES

- Aluminum housing
- Standard or Easy Mount option
- International symbol display
- Incandescent or LED lamps available
- Colors available in Yellow-Black-Green
- UV stabilized Lexan waffle visor
- Double parabolic reflector
- Simple wiring w/ only basic tools
- Hinged door w/ wing nuts for easy bulb replacement

Trafficware Pedestrian Signal Heads are designed to meet the most demanding requirements. The housing is a one-piece, die-cast, and completely weatherproof component. Wing-nuts provide tool-free maintenance and the quality hardware is built to last for years. Both lamps are contained in the double parabolic reflector.
